**DIRECTIONS:** Always test on an inconspicuous area prior to using CLEAN 13. Wear rubber gloves and goggles when handling. Use CLEAN 13 full strength for heavy duty cleaning. CLEAN 13 may be diluted with up to 5 parts of water for maintenance or light cleaning and brightening. Brush, spray, or swab onto the surface to be cleaned, allow to penetrate soils, and then rinse thoroughly with clean water. Use with care on painted surfaces.

Use plastic pails for diluting and disposing of excess solution immediately after use.

Do not use on anodized aluminum.
