Safety Data Sheet

SECTION 6: Accidental release m	easures
6.1. Personal precautions, protective equ	
General measures	: Isolate from fire, if possible, without unnecessary risk.
6.1.1. For non-emergency personnel	
Protective equipment	: Protective goggles. Gloves. Protective clothing.
Emergency procedures	: Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area.
6.1.2. For emergency responders	
Protective equipment	: Equip cleanup crew with proper protection.
Emergency procedures	: Stop leak if safe to do so. Stop release. Ventilate area.
6.2. Environmental precautions	
Avoid release to the environment. Preven	t entry to sewers and public waters.
6.3. Methods and material for containme	
For containment	: Contain released substance, pump into suitable containers.
Methods for cleaning up	: This material and its container must be disposed of in a safe way, and as per local legislation.
6.4. Reference to other sections	
No additional information available	
SECTION 7: Handling and storag	e
7.1. Precautions for safe handling	
Precautions for safe handling	: Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Do not get in eyes, on skin, or on clothing.
Hygiene measures	: Wash thoroughly after handling. Wash contaminated clothing before reuse.
7.2. Conditions for safe storage, including any incompatibilities	
Technical measures	: Comply with applicable regulations.
Storage conditions	: Keep container closed when not in use.
Incompatible materials	: Heat sources.
Storage area	: Meet the legal requirements. Store in a cool area. Store in a dry area.
Special rules on packaging	: meet the legal requirements.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

No additional information available

8.2. Exposure controls

Personal protective equipment

: Use appropriate personal protective equipment when risk assessment indicates this is necessary. Protective goggles. Gloves. Protective clothing.

SECTION 9: Physical and chemical properties	
9.1. Information on basic physical and chemic	al properties
Physical state	: Liquid
Appearance	: Milky white liquid.
Odor	: Fresh
Odor threshold	: No data available
рН	: No data available
Melting point	: No data available
Freezing point	: No data available
Boiling point	: No data available
Flash point	: >200 °F
Relative evaporation rate (butyl acetate=1)	: No data available
Flammability (solid, gas)	: No data available
Explosion limits	: No data available

S-Scents Morning Breeze

Safety Data Sheet

Explosive properties	: No data available
Oxidizing properties	: No data available
Vapor pressure	: No data available
Relative density	: No data available
Relative vapor density at 20 °C	: No data available
Specific gravity / density	: 1 g/ml
Solubility	: Soluble in water.
Log Pow	: No data available
Log Kow	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Viscosity	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available
VOC content	: 0%

SECTION 10: Stability and reactivity

10.1. Reactivity Upon combustion: CO and CO2 are formed.

10.2.	Chemical stability
Stable	e under normal conditions.

10.3. Possibility of hazardous reactions Refer to section 10.1 on Reactivity.

10.4. Conditions to avoid No additional information available

10.5. Incompatible materials No additional information available

10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

SECTION 11: Toxicological information	SECTION 11: Toxicological information		
11.1. Information on toxicological effects			
Acute toxicity	: Not classified		
Skin corrosion/irritation	: Not classified		
Serious eye damage/irritation	: Not classified		
Respiratory or skin sensitization	: Not classified		
Germ cell mutagenicity	: Not classified		
Carcinogenicity	: Not classified		
Reproductive toxicity	: Not classified		
Specific target organ toxicity (single exposure)	: Not classified		
Specific target organ toxicity (repeated exposure)	: Not classified		
Aspiration hazard	: Not classified		
Symptoms/injuries after inhalation	: None under normal use.		
Symptoms/injuries after skin contact	: Contact during a long period may cause light irritation.		
Symptoms/injuries after eye contact	: Direct contact with the eyes is likely irritating.		
Symptoms/injuries after ingestion	: Gastrointestinal complaints. Nausea.		

SECTION 12: Ecological information

12.1. Toxicity No additional information available

12.2. Persistence and degradability No additional information available

S-Scents Morning Breeze

Safety Data Sheet

12.3. Bioaccumulative potential No additional information available **SECTION 13: Disposal considerations** 13.1. Waste treatment methods Waste disposal recommendations : Dispose in a safe manner in accordance with local/national regulations. **SECTION 14: Transport information Department of Transportation (DOT)** In accordance with DOT : Not regulated for transport **Additional information** : No supplementary information available. Other information ADR No additional information available Transport by sea No additional information available Air transport No additional information available **SECTION 15: Regulatory information**

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory.

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

California Proposition 65 - This product does not contain a substance(s) known to the state of California to cause cancer and/or reproductive toxicity

SECTION 16: Other information		
Training advice	: Normal use of this product shall imply use in accordance with the instructions on the packaging.	
	 0 - Exposure under fire conditions would offer no hazard beyond that of ordinary combustible materials. 0 - Materials that will not burn. 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.
