Pod Tags – Cucumber Melon

Safety Data Sheet

SECTION 1: Product and company identificationProduct name: Pod Tags - Cucumber MelonUse of the substance/mixture: Deodorant

Product code	:	177801
Company	:	Share Corporation P.O. Box 245013 Milwaukee, WI 53224 - USA T (414) 355-4000
Emergency number	:	Chemtrec: (800) 424-9300

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification (GHS-US)

Acute Tox. 4 (Oral) H302 Skin Sens. 1 H317

Full text of H-phrases: see section 16

2.2. Label elements	
GHS-US labeling	
Hazard pictograms (GHS-US)	: GHS07
Signal word (GHS-US)	: Warning
Hazard statements (GHS-US)	: Harmful if swallowed May cause an allergic skin reaction
Precautionary statements (GHS-US)	 Avoid breathing dust Wash thoroughly after handling Do not eat, drink or smoke when using this product Contaminated work clothing must not be allowed out of the workplace Wear protective gloves If swallowed: Call a doctor if you feel unwell If on skin: Wash with plenty of water Specific treatment (see First aid measures on this label) Rinse mouth If skin irritation or rash occurs: Get medical advice/attention Take off contaminated clothing and wash it before reuse Dispose of contents/container to comply with local/regional/national/international regulations

2.3. Other hazards

No additional information available

2.4. Unknown acute toxicity (GHS US)

Not applicable

SECTION 3: Composition/information on ingredients

3.1. Substance Not applicable

Full text of H-phrases: see section 16

 3.2. Mixture

 Name
 Product identifier
 %
 Classification (GHS-US)

 Ethylene-vinyl acetate copolymer
 (CAS No) 24937-78-8
 60 - 80
 Not classified

SECTION 4: First aid measures			
4.1. Description of first aid measures			
First-aid measures general	: If you feel unwell, seek medical advice (show the label where possible	e).	
First-aid measures after inhalation	: Remove the victim into fresh air.		
First-aid measures after skin contact	: Rinse skin with water/shower.		

Pod Tags – Cucumber Melon Safety Data Sheet

Saloty Bata Shoot	
First-aid measures after eye contact	: Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing.
First-aid measures after ingestion	: Rinse mouth with water. Do NOT induce vomiting.
4.2. Most important symptoms and effe	ects, both acute and delayed
Symptoms/injuries	: May cause an allergic skin reaction.
Symptoms/injuries after inhalation	: None under normal use.
Symptoms/injuries after skin contact	: May cause an allergic skin reaction.
Symptoms/injuries after eye contact	: Direct contact with the eyes is likely irritating.
Symptoms/injuries after ingestion	: Gastrointestinal complaints.
4.3. Indication of any immediate medic	al attention and special treatment needed
No additional information available	
SECTION 5: Firefighting measured	res
5.1. Extinguishing media	

5.1. Extinguishing media	
Suitable extinguishing media	: Adapt extinguishing media to the environment.
7.3 (1) 1 1 1 (1) (1) 1	
5.2. Special hazards arising from the subst	ance or mixture
Reactivity	: Upon combustion: CO and CO2 are formed.
5.3. Advice for firefighters	
Firefighting instructions	: Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed
	containers. Take account of environmentally hazardous firefighting water.
	containers. Take account of chyronmentally hazardous menghting water.
Protection during firefighting	: Do not enter fire area without proper protective equipment, including respiratory protection.
r recouldr during monghting	

SECTION 6: Accidental release meas	ures
6.1. Personal precautions, protective equipm	
General measures :	Isolate from fire, if possible, without unnecessary risk.
6.1.1. For non-emergency personnel	
Protective equipment :	Protective goggles. Gloves. Protective clothing.
Emergency procedures :	Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area.
6.1.2. For emergency responders	
Protective equipment :	Equip cleanup crew with proper protection.
Emergency procedures :	Stop leak if safe to do so. Stop release. Ventilate area.
6.2. Environmental precautions	
Avoid release to the environment. Prevent en	try to sewers and public waters.
6.3. Methods and material for containment a	
For containment :	Contain released substance, pump into suitable containers.
Methods for cleaning up :	This material and its container must be disposed of in a safe way, and as per local legislation.
6.4. Reference to other sections	
No additional information available	
SECTION 7: Handling and storage	
7.1. Precautions for safe handling	
Precautions for safe handling :	Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Do not get in eyes, on skin, or on clothing.
Hygiene measures :	Wash thoroughly after handling. Wash contaminated clothing before reuse.
7.2. Conditions for safe storage, including an	
Technical measures :	Comply with applicable regulations.
Storage conditions :	Keep container closed when not in use.
Incompatible products :	Oxidizing agent.
Storage temperature :	< 30 °C
Storage area :	Meet the legal requirements. Store in a cool area. Store in a well-ventilated place.
Special rules on packaging :	meet the legal requirements.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Pod Tags – Cucumber Melon Safety Data Sheet

8.2. Exposure controls Personal protective equipment

: Use appropriate personal protective equipment when risk assessment indicates this is necessary. Gloves.

Safety Data Sheet

Serious eye damage/irritation	:	Not classified
Respiratory or skin sensitization	:	May cause an allergic skin reaction.
Germ cell mutagenicity	:	Not classified
Carcinogenicity	:	Not classified
Reproductive toxicity	:	Not classified
Specific target organ toxicity (single exposure)	:	Not classified
Specific target organ toxicity (repeated exposure)	:	Not classified
Aspiration hazard		: Not classified
Symptoms/injuries after inhalation		: None under normal use.
Symptoms/injuries after skin contact		: May cause an allergic skin reaction.
Symptoms/injuries after eye contact		: Direct contact with the eyes is likely irritating.
Symptoms/injuries after ingestion		: Gastrointestinal complaints.

SECTION 12: Ecological information				
12.1. Toxicity				
No additional information available				
12.2. Persistence and degradability				
No additional information available				
12.3. Bioaccumulative potential				
No additional information available				

SECTION 13: Disposal considerations

 13.1. Waste treatment methods

 Waste disposal recommendations
 : Dispose in a safe manner in accordance with local/national regulations.

 SECTION 14: Transport information

 Department of Transportation (DOT)

 In accordance with DOT :
 Not regulated for transport

In accordance with DOT :	Not regulated for transport
Additional information	
Other information	: No supplementary information available.
ADR	
No additional information available	ailable
Transport by sea	
No additional information available	ailable
Air transport	
No additional information available	ailable

SECTION 15: Regulatory information

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

California Proposition 65 - This product does not contain substances known to the state of California to cause cancer and/or reproductive toxicity

SECTION 16: Other information

Training advice

: Normal use of this product shall imply use in accordance with the instructions on the packaging.

Acute Tox. 4 (Oral)	Acute toxicity (oral) Category 4
Skin Sens. 1	Skin sensitization Category 1
H302	Harmful if swallowed
H317	May cause an allergic skin reaction

Pod Tags – Cucumber Melon

Safety Data Sheet

- NFPA health hazard : 1 Exposure could cause irritation but only minor residual injury even if no treatment is given. NFPA fire hazard : 0 - Materials that will not burn. NFPA reactivity
 - : 0 Normally stable, even under fire exposure conditions, and are not reactive with water.

Ouroly Dula Oneol		
First-aid measures after eye contact		inse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue nsing.
First-aid measures after ingestion	: Ri	inse mouth with water. Do NOT induce vomiting.
4.2. Most important symptoms and effe	cts, both	acute and delayed
Symptoms/injuries	: Ma	lay cause an allergic skin reaction.
Symptoms/injuries after inhalation	: No	one under normal use.
Symptoms/injuries after skin contact	: Ma	lay cause an allergic skin reaction.
Symptoms/injuries after eye contact	: Di	irect contact with the eyes is likely irritating.
Symptoms/injuries after ingestion	: Ga	astrointestinal complaints.

4.3. Indication of any immediate medical attention and special treatment needed No additional information available

SECTION 5: Firefighting meas	ures		
5.1. Extinguishing media			
Suitable extinguishing media	: Adapt extinguishing media to the environment.		
5.2. Special hazards arising from the	substance or mixture		
Reactivity	: Upon combustion: CO and CO2 are formed.		
5.3. Advice for firefighters			
Firefighting instructions	: Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed containers. Take account of environmentally hazardous firefighting water.		
Protection during firefighting	: Do not enter fire area without proper protective equipment, including respiratory protection.		
SECTION 6: Accidental release measures			

6.1. Personal precautions, protective equipm General measures	ent and emergency procedures Isolate from fire, if possible, without unnecessary risk.	
6.1.1. For non-emergency personnelProtective equipment: Protective goggles. Gloves. Protective clothing.Emergency procedures: Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage		
6.1.2. For emergency respondersProtective equipmentEmergency procedures	Equip cleanup crew with proper protection. Stop leak if safe to do so. Stop release. Ventilate area.	
6.2. Environmental precautions Avoid release to the environment. Prevent en	try to sewers and public waters.	
6.3. Methods and material for containment a For containment : Methods for cleaning up :	nd cleaning up Contain released substance, pump into suitable containers. This material and its container must be disposed of in a safe way, and as per local legislation.	
6.4. Reference to other sections No additional information available		
SECTION 7: Handling and storage		
7.1. Precautions for safe handling Precautions for safe handling :	Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Do not get in eyes, on skin, or on clothing.	
Hygiene measures :	Wash thoroughly after handling. Wash contaminated clothing before reuse.	
7.2. Conditions for safe storage, including an Technical measures Storage conditions	y incompatibilities Comply with applicable regulations. Keep container closed when not in use.	
Incompatible products : Oxidizing agent.		
Storage temperature : < 30 °C		
Storage area :	Meet the legal requirements. Store in a cool area. Store in a well-ventilated place.	
Special rules on packaging :	meet the legal requirements.	

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Protection during firefighting	: Do not enter fire area without proper protective equipment, including respiratory protection.			
SECTION 6: Accidental release measures				
6.1. Personal precautions, protective e	quipment and emergency procedures			
General measures	: Isolate from fire, if possible, without unnecessary risk.			

6.1.1. For non-emergency personnel

Emergency procedures	:	Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area.	
Protective equipment	:	Protective goggles. Gloves. Protective clothing.	

6.1.2. For emergency responders

Emergency procedures : Stop leak if safe to do so. Stop release. Ventilate area.				
6.2. Environmental precautions				
Avoid release to the environment. Prevent entry to sewers and public waters.				

6.3. Methods and material for containment and cleaning up	
For containment	: Contain released substance, pump into suitable containers.
Methods for cleaning up	: This material and its container must be disposed of in a safe way, and as per local legislation.
(A Defense of the state of the second second	

6.4. Reference to other sections No additional information available

SECTION 7: Handling and storage				
7.1. Precautions for safe handling				
Precautions for safe handling	: Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Do not get in eyes, on skin, or on clothing.			
Hygiene measures	: Wash thoroughly after handling. Wash contaminated clothing before reuse.			
7.2. Conditions for safe storage, including any incompatibilities				
Technical measures	: Comply with applicable regulations.			
Storage conditions	: Keep container closed when not in use.			
Incompatible products	: Oxidizing agent.			
Storage temperature	: < 30 °C			
Storage area	: Meet the legal requirements. Store in a cool area. Store in a well-ventilated place.			
Special rules on packaging	: meet the legal requirements.			

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Pod Tags – Spiced Apple Safety Data Sheet

8.2. Exposure controls Personal protective equipment

: Use appropriate personal protective equipment when risk assessment indicates this is necessary. Gloves.

9.1. Information on basic physical and chemic	al properties
Physical state	: Solid
Appearance	: Solid.
Odor	: characteristic
Odor threshold	: No data available
рН	: No data available
Melting point	: 60 °C estimated
Freezing point	: No data available
Boiling point	: No data available
Flash point	: No data available
Relative evaporation rate (butyl acetate=1)	: No data available
Flammability (solid, gas)	: No data available
Explosion limits	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Vapor pressure	: No data available
Relative density	: No data available
Relative vapor density at 20 °C	: No data available
Solubility	: Insoluble in water.
Log Pow	: No data available
Log Kow	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Viscosity	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available

SECTION 10: Stability and reactivity			
10.1. Reactivity			
Upon combustion: CO and CO2 are formed.			
10.2. Chemical stability			
No additional information available			
10.3. Possibility of hazardous reactions			
Refer to section 10.1 on Reactivity.			
10.4. Conditions to avoid	10.4. Conditions to avoid		
Extremely high or low temperatures. Open flame.			
10.5. Incompatible materials			
Strong oxidizing agents.			
10.6. Hazardous decomposition products			
Under normal conditions of storage and use, hazardous decomposition products should not be produced.			
SECTION 11: Toxicological information			
11.1. Information on toxicological effects			
Acute toxicity	: Oral: Harmful if swallowed.		
Skin corrosion/irritation	: Not classified

Pod Tags – Cotton Blossom

Safety Data Sheet

SECTION 1: Product and company identification

Product name	:	Pod Tags – Cotton Blossom
Use of the substance/mixture	:	Deodorant
Product code	:	178901
Company	:	Share Corporation P.O. Box 245013 Milwaukee, WI 53224 - USA T (414) 355-4000
Emergency number	:	Chemtrec: (800) 424-9300

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification (GHS-US)

Acute Tox. 4 (Oral) H302 Skin Sens. 1 H317

Full text of H-phrases: see section 16

2.2. Label elements	
GHS-US labeling	
Hazard pictograms (GHS-US)	: GHS07
Signal word (GHS-US)	: Warning
Hazard statements (GHS-US)	: Harmful if swallowed May cause an allergic skin reaction
Precautionary statements (GHS-US)	 Avoid breathing dust Wash thoroughly after handling Do not eat, drink or smoke when using this product Contaminated work clothing must not be allowed out of the workplace Wear protective gloves If swallowed: Call a doctor if you feel unwell If on skin: Wash with plenty of water Specific treatment (see First aid measures on this label) Rinse mouth If skin irritation or rash occurs: Get medical advice/attention Take off contaminated clothing and wash it before reuse Dispose of contents/container to comply with local/regional/national/international regulations

2.3. Other hazards

No additional information available

2.4. Unknown acute toxicity (GHS US)

Not applicable

SECTION 3: Composition/information on ingredients

3.1. Substance

2.2

Not applicable

Full text of H-phrases: see section 16

3.2. Mixture			
Name	Product identifier	%	Classification (GHS-US)
Ethylene-vinyl acetate copolymer	(CAS No) 24937-78-8	60 - 80	Not classified
Proprietary Fragrance Mixture	(CAS No) Proprietary	20 - 40	Not classified

SECTION 4: First aid measures 4.1. Description of first aid measures First-aid measures general : If you feel unwell, seek medical advice (show the label where possible). First-aid measures after inhalation : Remove the victim into fresh air. First-aid measures after skin contact : Rinse skin with water/shower.

Date of issue: 10/15/2015

	SHARE CORP
leasy to do	Continue

First-aid measures after eye contact	: Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing.	
First-aid measures after ingestion	: Rinse mouth with water. Do NOT induce vomiting.	
4.2. Most important symptoms and effect	, both acute and delayed	
Symptoms/injuries	: May cause an allergic skin reaction.	
Symptoms/injuries after inhalation	: None under normal use.	
Symptoms/injuries after skin contact	: May cause an allergic skin reaction.	
Symptoms/injuries after eye contact	: Direct contact with the eyes is likely irritating.	
Symptoms/injuries after ingestion	: Gastrointestinal complaints.	
4.3 Indication of any immediate medical attention and special treatment needed		

ndication of any immediate medical attention and special treatment neede No additional information available

SECTION 5: Firefighting mea	sures
5.1. Extinguishing media Suitable extinguishing media	: Adapt extinguishing media to the environment.
5.2. Special hazards arising from th	e substance or mixture
Reactivity	: Upon combustion: CO and CO2 are formed.
5.3. Advice for firefighters	
Firefighting instructions	: Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed containers. Take account of environmentally hazardous firefighting water.
Protection during firefighting	: Do not enter fire area without proper protective equipment, including respiratory protection.

SECTION 0: Accidental release mea	sures
6.1. Personal precautions, protective equipr General measures	nent and emergency procedures : Isolate from fire, if possible, without unnecessary risk.
6.1.1. For non-emergency personnel	
Protective equipment	: Protective goggles. Gloves. Protective clothing.
Emergency procedures	: Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area.
6.1.2. For emergency responders	
Protective equipment	: Equip cleanup crew with proper protection.
Emergency procedures	: Stop leak if safe to do so. Stop release. Ventilate area.
6.2. Environmental precautions	
Avoid release to the environment. Prevent e	try to sewers and public waters.
6.3. Methods and material for containment	
For containment	: Contain released substance, pump into suitable containers.
Methods for cleaning up	: This material and its container must be disposed of in a safe way, and as per local legislation.
6.4. Reference to other sections	
No additional information available	
SECTION 7: Handling and storage	
7.1. Precautions for safe handling	
Precautions for safe handling	: Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Do not get in eyes, on skin, or on clothing.
Hygiene measures	: Wash thoroughly after handling. Wash contaminated clothing before reuse.
7.2. Conditions for safe storage, including a	ny incompatibilities
Technical measures	: Comply with applicable regulations.
Storage conditions	: Keep container closed when not in use.
Incompatible products	: Oxidizing agent.
Storage temperature	: < 30 °C
Storage area	: Meet the legal requirements. Store in a cool area. Store in a well-ventilated place.
Special rules on packaging	: meet the legal requirements.
